The End of a Beginning

Alright, let's see what can
Po do for now...

Apart from making drinks...

Po can clean the office

Repair things around the block with Allie

Do some simple paper work.

Deliver letters, food and office supplies

Horsie will teach him computer
when there's free time.

Is that okay for you Po?

Yes, I will do my best.

Um...where will Po sleep?

He doesn't have a home.

Right! We need to
solve this as well!

Definitely not my home,
it's crowded enough!

Not that I don't
want to help Po

I can continue to
live on the streets.

No, that's too dirty.

You need a better place.

It will be much warmer
later in summer.

I think Po needs a cooler
environment to sleep in.

Can Po sleep in the
office at night?

But we turn off
the air con when
work is over...

Hmm... anywhere else in
the office is cool enough?

There's a cold storage
room in the cafe.

Ahhh! So happy that
we got Po settled!

On the desk is a computer monitor, some papers, and a small bag hanging from the edge. The scene is set in an office-like environment with a doorway in the background.

Uh, Cheetah-B...

Yes?

Since I made you angry, we haven't spoke much or went out for a while...

A black and white cartoon panel. On the left, a lion with a large, shaggy mane stands with his arms crossed, looking towards the right. On the right, a cheetah with spots is sitting at a desk, looking back at the lion. The cheetah is wearing a polka-dot dress and has a handbag hanging from the desk. A computer monitor and keyboard are on the desk. The background is simple, with a vertical line suggesting a wall or door frame.

So...do you wanna
go out this weekend?

Maybe a movie
or something?

Alright, but you better come prepared because I'll probably throw you some punches.

Cheetah-B forgives me!

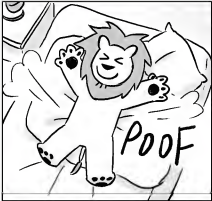

She agrees to go out with me!

I might have a chance!

I'm so happy for you two!
It worked!

What? You told Leo
to apologize?

Haha that's not it!

I just hinted and Leo figured it out himself!

He asked me out.

That's great! Go for this make up date!

I'm not sure...

Why? Didn't you two
always hang out?

I don't know....
It feels different.

After what happened
with Jack, then Angora...

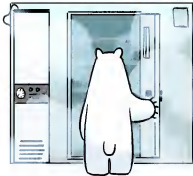

I feel like something's changed...
between me and him.

Maybe you're the one
who has changed.

Animals Around The World

#70

HollaSwag

Hello, Bonnie! I am from Nigeria, known as the "Giant of Africa". My national animal is the eagle (Although there are two horses on the coat of arms.) Anyways, I love your work!

Readers from Nigeria!

The national animal of Nigeria is the Eagle. It stands on a black shield on the coat of arms and it represents strength. The Nigeria national football team is also known as "Super Eagles"!
